ANALYSIS REPORT

Report No:	24201 _ 1	Date of Issue:	07 November, 2023	Page :	1 of 2
------------	-----------	----------------	-------------------	--------	--------

Customer Name	Al Reef Foods L.L.C	Origin Of Sample	Mexico
Establishment Name	Al Reef Foods L.L.C	Purpose Of Sell	
Customer Contact Info	0096893587137	Destination Of Shipment	
Customer Address		Sample Condition	Solid
Sample Details	Takis Fuego Hot Chilli Pepper and Lime	Appearance of sample	chips
Sample Received By	R J R Viviance	Description of Sample	Takis Fuego Hot Chilli Pepper and Lime
Production Date		Sample Type	General Food
Expiry date		Temperature On Receipt ° C	25
Batch No.		Analysis Started date	06-11-2023
Pack Size / Quantity:	35g	Sample Received date	06-11-2023
Customer Sample ID		Analysis Finished date:	07-11-2023

Sr. No	Test Parameters	Method/Protocol	Unit	Result	LOD
Microbiology Test Parameters					
1	Porcine detection	Porcine detection RT-PCR*	%	ND	0.0005

Comments: According to the test conducted the sample is free from pig products and its derivatives.

Authorized By:
Technical Head

Notes:

- *Accredited Parameters by ,International Accreditation Service IAS (as per ISO 17025:2017)
- **Accredited Parameters by GAC, Gulf Accreditation Center (as per ISO 17025:2017)
- ND-Not Detected, LOD- Limit of Detection & LOQ- Limit of Quantification
- All test parameters requested by the customer.
- CFU – Colony Forming Unit.
- n – Number of representative sample units.
- c – Maximum number of acceptable sample units with bacterial count between m and M.
- m – Minimum recommended bacterial counts for good quality products.
- M – Maximum recommended bacterial counts for marginally acceptable quality products.
- <10, <1, <1.8, <3 Are considered as ND or Absent.
- This Analysis report is valid for six months from the release date for any revision or changes.
- Decision Rule and Statement of Conformity: The Laboratory will not report the statement of conformity unless there is a request from the customer. If the statement of Conformity required, then the lab considers Clause 4.2.1 of ILAC G8:09/2019, Binary Statement for Simple Acceptance Rule (Guard Band, w=0)

End of Report

Terms & Conditions:

- The Analysis report only pertains to Sample/s that has been submitted and analyzed / Tested under the condition of Analysis. No conclusion shall be drawn as to the applicability of the result to the entire lot or to the product from which sample has been drawn unless sampling was conducted by JFTL in accordance with internationally accepted statistical sampling protocol.
- The Analysis Report shall not be reproduced in full or in part for any purpose without written consent of JFTL.
- The Analysis report contain sample ID as provided by the customer and JFTL does not verify its authenticity unless sampling is done by or in the presence of JFTL technicians.
- Samples will be retained by JFTL only for 2 Week (In case of Non Perishable items only) unless specific instruction to the contrary are received
- Under no circumstances JFTL accepts any Liability for loss or damage; consequential or otherwise, caused by use or misuse of results. JFTL liability is only limited to the testing fee charged for the sample in question, in case of proven negligence by JFTL.
- Sample testing traceability including quality control data associated with the analysis result are available in the Laboratory Information Management System (LIMS) of JFTL and can be shared on demand within the stipulated period. Measurement Uncertainty can also be provided on request
